MEET ENTRIES AND QUALIFYING PROCEDURE

ADVANCEMENT TO 3A DISTRICT MEET

The District meet will be using a timed final format. The second heat in laned races (including 800 and relays) will be the fastest heat.

Laned races and Relays:

The district meet will be filled to 16 with 5 north, 5 south, 2 NWC and next four best marks. The heats will run from slowest to fastest.

Heat one = qualifiers 16-9. Heat two = qualifiers 8-1. Places will be awarded by time, irrespective of heat.

Field events and 1600/3200:

16 total entries advance to District meet. Top 5 North, Top 5 South, Top 2 NWC and next four best marks.

- Times/distances used to seed the District Meet will be determined using either the prelim or final heat mark, whichever mark is better.
- Any athlete disqualified from a Conference/Sub-District Prelim **OR** a Finals event will not advance to the district meet in that event.
- Any relay disqualifications will result in non-advancement.
- Additional heats will be run if 17 or more athletes qualify due to ties.
- Heat assignments will be based upon times at the previous week's Conference (WESCO) or Sub District (Northwest Conf) Meet and seeded using Hy-Tek Meet Manager Software.
- The NFHS/State meet conversion formula will be used in the event hand-held times were used.

RELAYS:

16 total entries advance to District meet. Top 5 North, Top 5 South, Top 2 NWC and next four best marks.

Heat assignments will be based upon times at the previous week's Conference (WESCO) or Sub District (Northwest Conference) Meet and seeded using Hy-Tek Meet Manager Software.

TIES:

- If a tie should exist between two or more competitors in a track event and it involves a spot to the State meet, a run-off between the tied competitors will take place at the end of the meet.
- If a tie in the high jump and/or pole vault exists after applying the National Federation tie breaking rules and the tie involves the last spot to State, a jump-off will occur. Because the rules in High Jump and Pole Vault do not allow for the bar to be lowered once the event begins (NFHS 6-8 Art. 9), any jump-off would take place at the conclusion of the event for that classification and/or gender.
- If there are other ties by any number of competitors for scoring places, the points for the tied places shall be added together and divided by the number of competitors who are involved in the tie (NFH 6-3 Art. 4).

FIELD EVENT PROCEDURE

SHOT PUT, DISCUS, TRIPLE JUMP, AND JAVELIN

- Competitors will be given 3 trials in the prelims with the top 9 qualifying for the finals and receiving 3 more trials. Finals will occur in reverse order of the best preliminary marks.

NOTE TO SCHOOL OFFICIALS

Please review the following National Federation rules regarding the pole vault event:

Rule 7-5-3: The competitor's weight shall be at or below the manufacturer's pole rating. The manufacturer's pole rating shall be visible in a 3/4" contrasting color, located within or above the top hand-hold position; a one-inch circular band indicating the maximum top-hand-hold position.

The location of the band indicating the top safe hand-hold position shall be determined by the manufacturer.

It is the responsibility of the coach to verify the competitor will use a legal pole rated at or above his/her weight.

SPECIAL NOTE: It is no longer permissible for a coach to "re-mark" a top hand hold band. ONLY the initial manufacturer's marking is legal or those done by a coach between 1996-2002 are legal. Worn markings may be re-done.

Rule 7-5-4: A competitor shall not use a variable weight pole, a pole which is improperly marked or a pole rated below his /her weight during warm-up or competition.

PENALTY: Disqualification from the event. Rule 7-5-29h: It shall count as an unsuccessful trial when the vaulter grips the pole above the top-hand-hold band.

Review all of Rule 7-5-7 through 14 and Rule 7-5-19 through 22, relative to adopted rules and dimensions for landing pad, plant box, hard and unyielding surfaces and the placement of the standards/uprights.
