Spectators may not at any time walk near or onto the tee box area or onto the collars of the greens or anywhere near the greens. Again, please stay on cart paths. You may not converse with a golfer at any time during his round. Do not jeopardize his standing in today's competition by disregarding the gallery rules.

- L. The tournament manager will cover the regulations and format with the coaches before the tournament. Coaches, in turn, should review these rules and regulations with their players before the tournament.

M. **Technology:** Players and coaches may use distance measuring devices for the Northwest District Golf Championships with the following stipulations.

1. Devices that calculate slope, wind, speed, temperature, etc. in addition to yardage are not permitted. Use of devices that calculate slope, wind, speed, temperature, etc. will result in disqualification of any player that utilized the device or information. (Point and shoot distance range finders only)

GPS devices on cell phones and GPS watches are not permitted. Use of either will result in disqualification. (Point and shoot distance range finders only)

In each pairing if any player or coach uses a measuring device then all players in the pairing will have access to the information. Failure to share information, if requested, or providing inaccurate information constitutes a sportsmanship violation.

1st offense – Warning

2nd offense – Two stroke penalty

3rd offense - Disqualification

Local Rules: Will be covered at the tournament site.

9. **PACE OF PLAY**

Rule 5.6a and 5.6b of the Rules of Golf states: "You must not unreasonably delay play, either when playing a hole or between two holes." Penalty for breach of rule 5.6a is:

- Penalty for first breach: One penalty stroke.
- Penalty for second breach: General Penalty. (two strokes)
- Penalty for third breach: Disqualification.

The Committee does not wish to assess penalties for undue delay but considering the negative effect that slow play has on other players, we must insist that the pace of play be reasonable.

With this in mind, following are the guidelines that will be adhered to by the officials in monitoring play:

- A. The first group to start will be determined as out of position if they take more than 10 minutes to play a par 3, 14 minutes to play a par 4 or 17 minutes to play a par 5.
- B. Following groups will be determined as out of position if they are more than a par 4 or par 5 hole behind the preceding group and are exceeding the time factors stated in #A.
- C. Players in slow groups will be timed to determine which individual(s) is/are delaying play. A player taking more than 45 seconds to play a shot will be warned as soon as possible after the infraction. If the player exceeds the specified time limit on two or more occasions, he will automatically be assessed the appropriate penalty.
- D. The timing of a player's stroke will begin when it is his turn to play, he has had reasonable opportunity to reach his ball, and could play without interference by another person or another ball. Thus any time spent walking forward or backwards for measuring purposes will count as part of the time for the next stroke. On the putting green, the timing will start after the player has been allowed a reasonable time to repair his ball mark, remove loose impediments and clean his ball.
- E. Rule 5.6b of the Rules of Golf indicates that honors are not required to be observed in stroke play. With this in mind, players or groups that are playing slow should play as soon as the area ahead is clear and you will not interfere with others in your group.
