Dressing Rooms

The dressing rooms are located at the stadium behind and beneath the home grandstand.

Teams should try not to arrive more than 60 minutes prior. Locker rooms will be available at least 30 minutes before kick-off and the field will be available for the first match 60 minutes before kick-off. The field will be available for the second match as soon as teams from the first match have cleared the field. Those teams participating in the first match must clear the field as quickly as possible. Teams will get at least 15 minutes of warm up time. Teams should plan to carry their equipment/bags to and from the field.

Team Benches/Warm-Up Area

Both team benches will be located on the NORTH side of the field. The Home Team bench will be located west of midfield (scoreboard end), and the Visiting Team bench will be located east of midfield (Fred Meyer end). Provided team benches include plexi-glass covered Soccer team benches. A pop up tent may also be available upon request. Home team will warm up on the west end of the field. Visiting team will warm up on the east end of the field.

Only participants (coaches, players, managers, athletic trainers, and cheer staff in uniform) will be allowed on the track/field area.

Spectator Seating:

All spectator/fan seating will be divided in the main grandstand with the home side on the west half-directly across from the home team bench; and the visitor side on the east half-directly across from the visitor team bench. **The Lead Supervisor is expected to monitor their respective area. We will have a small "buffer" between the two fan bases and no fans will be allowed to sit in this area.** Spectators will not be allowed to stand on the grandstand rail, or along the fence inside of the grandstand. The guest supervisor can designate a student seating section. Students are allowed to stand in this designated student section only. Cheer staff in uniform will be allowed in the stands directly in front of their designated crowd/student section.

Medical Services:

We will have a licensed Athletic Trainer serving as the designated medical authority for the site. This person will respond to the needs of athletes before, during and after the games but schools are to provide taping supplies, etc. **If your school plans to bring your Athletic Trainer to serve as your teams designated medical authority please let the Stadium Manager know in advance.** The designated medical authority/authorities will have the authority listed in the WIAA Handbook.

Pre-match Schedule:

Pre-match on field warm up will be a minimum of 15 minutes. During the warm up period referees will inspect equipment and meet with team captains. With two-minutes remaining in the on field warm up period (2:00 on the scoreboard) teams should line up in front of their respective benches for player introductions.

Player Introductions:

When stadium clock hits zero – Both teams enter the field at the same time using the "International March Out" formation, following the officials. Upon stopping near the football numbers on the main grandstand side, each team should fan out toward their end, parallel to the sideline. The line-up for the visiting team will be announced first followed by the home team. Each player should step forward to acknowledge their introductions.

After the introductions both teams should remain in line and turn towards the flag at the end of the stadium (east end) for the playing of the National Anthem. Upon completion teams should quickly wave to one another and then return to their respective benches.

Player Conduct on Sidelines/Field:

Players should not be changing their practice and/or team jerseys on the sidelines prior to, during or after the match (**or take off their shirts after the match**). Locker rooms and restrooms are provided for this purpose.
