## Rainout procedure

Game length / 10 run rule: All games are seven (7) innings and must be played to completion, except if one team is ahead by ten (10) runs or more after the completion of five (5) innings. In this case, the game will be over. Any game ending in a tie after seven (7) innings will continue until the winner is determined. In case of a game being called after it has begun due to inclement weather, teams will have the opportunity to play out the remainder of the game through the end of the 7th inning on the next playable date.

If a winner must be declared in order for a team to advance in the tournament, but the game cannot be continued due to inclement weather, jeopardizing the tournament finishing according to schedule, the results at the end of the last completed inning would be considered the final game score. If any of the games are rained out on a particular day, all games that day will be postponed and rescheduled to the next available day. In case of a rainout for a 4 pm game, schools will be called by 1:30 pm.
